Your selectmen, to whom were referred Articles 7 and 8 of the warning of 1915, would say, That while recognizing the need of some action thereon, we have deemed the need of a breakwater at the Hodges place as something of more immediate and pressing importance, and hence have constructed the same. We would recommend that the other matters be given attention early in the coming season.

THOMAS C. PIERCE,
W. H. HERRICK,
JOHN W. FARRELL,

					\$1,619 01

Total amount of orders drawn for year to February

1, 1916 \$3,605 81

The amount placed in the school fund during the year was as follows:

Tuition from other towns	\$60 00
From state treasurer	414 16
45 per cent of grand list	3,043 27
	\$3,517 43

We would recommend that the sum of \$3,200 00 be appropriated for school purposes for the year beginning July 1st, 1916.

Owing to the unsatisfactory and unsettled condition as to transportation of school children in town we would call your attention to Chapter 4 of Act 64 of Acts of 1915, which reads as follows:

"TRANSPORTATION AND BOARD

"Sec. 71. School directors' duties; expense. The school directors, subject to the approval of the superintendent, shall have charge of and regulate the transportation and board of pupils in the schools under their charge, and contracts therefor shall be made by them.

"Sec. 72. Transportation. Every person of school age, residing at a distance of one and one-half miles from an elementary school shall be furnished with transportation whenever such transportation is feasible and if such transportation is not feasible, such person shall be furnished with board whenever necessary to afford him an opportunity to attend school, and such board shall be paid by the state, not to exceed one dollar per week.

"Sec. 73. Same. The charges for such transportation shall be borne wholly by the state in all towns whose grand list does not exceed five thousand dollars. In towns having a grand list in excess of five thousand dollars, exclusive of incorporated districts, the state and town shall bear the expense of transportation in the ratio five thousand bears to the grand list of such town; provided, however, that no town shall receive an average of more than twenty dollars a year for each pupil transported under the provisions of this section.

"Sec. 74. Same. School directors may cause transportation to be furnished to a child living less than one and one-half miles distant from an elementary school if the exigencies of the case require, but in all such cases the expenses thereof shall be borne by the town.

"Sec. 75. Disagreement. In case of dissatisfaction on the part of any person interested and upon his complaint, or upon the complaint of any taxpayer, to the school directors, as to the transportation, residence or board of any pupil or of the character of any person employed to transport pupils, the complaint shall be heard by said school directors and from their decision an appeal may be taken to the commissioner of education, whose decision thereon shall be final.

"Sec. 76. Report. The superintendent shall include in his annual report to the board of school directors of each town, a report as to the pupils of said town transported or boarded under this act and the expense thereof, and shall annually, at a time to be fixed by the state board of education, furnish to said last-named board, a report of all pupils transported or boarded under this act, and the expense thereof."

The question arises to what extent the town is obligated by the above law.

W. C. EWING,
J. H. DAVIS,
ANNETTE A. PIERCE,
School Directors.

AUDITORS' REPORT

Your auditors have examined the accounts of the selectmen, overseer of the poor, road commissioner and school directors, and also the books and vouchers of your treasurer, and the results therein found as of Feb. 1, 1916, are contained in the foregoing pages.

TAXES TO BE PROVIDED FOR

State tax, 5 cents on the dollar.
 State school tax, 10 cents on the dollar.
 State highway tax, 5 cents on the dollar.
 County tax, $\frac{3}{4}$ cents on the dollar.
 Town school tax — cents on the dollar.
 Town highway tax, 20 cents on the dollar.
 Town tax ———

The three-year terms of Thomas C. Pierce as selectman, J. H. Davis as lister, and W. C. Ewing as school director expire this year.

Your auditors would recommend that the town adopt the system of town accounting recommended under the provisions of No. 109 of the Acts of 1915. This system while following

practically the same lines that we now use would, in our opinion, tend materially to simplicity, accuracy and economy in the town accounting.

Respectfully submitted,

L. F. CROFT,

A. B. WEEKS,

A. J. WESCOTT,

Auditors.
